Filter Cartridge Housings BECO INTEGRA CART KLAV

1 A 7.2.4.1 · DW 09/2011

BECO INTEGRA CART KLAV cartridge housings are manufactured of stainless steel and designed as vent filter housing for gas filtration. This range qualifies for sterile filtration.

Special Features

- The use of premium materials avoids corrosion, even after long use
- The optimised design of the housing allows thorough quick cleaning
- Little space requirement due to compact design
- Sterilisation with steam

Application

BECO INTEGRA CART KLAV cartridge housings are suitable for the filtration of gases of fluid group 2 according to the Pressure Equipment Directive DGRL 97/23/EC. Thanks to an optimised filtrate area design and a special surface finish this housing can be cleaned and sterilised extremely well.

BECO INTEGRA CART KLAV cartridge housings qualify for acceptance of one 1" BECO MEMBRAN H Mini filter cartridge.

Technical Data

Max. permissible

5 bar

operating pressure: Max. permissible

operating temperature:

120 ℃
