

INDUSTRIAL VERSAFLEX HE SERIES HIGH EFFICIENCY MELTBLOWN CARTRIDGES

Versaflex High Efficiency Meltblown Cartridges assure maximum process compatibility due to their thermally-bonded, glue-free design. Their graded density matrix traps and holds dirt within, providing longer life and better flow rates than standard cartridges.

These filter cartridges are 100% polypropylene and manufactured with FDA-listed materials using a thermal-bonding process that seals the meltblown media to the endcaps to assure a bypass-free cartridge.

Versaflex High Efficiency Meltblown Cartridges have been performance tested to assure you of a quality product. They deliver high dirt-loading capabilities, with superior performance over spun-bonded and stringwound cartridges.

FEATURES/BENEFITS

Absolute rated 99% efficiency at stated micron size
Chemically compatible in most applications
High dirt-loading capacity
Longer life than spun-bonded and stringwound cartridges
Low pressure drop
100% polypropylene cartridge
Rigid, polypropylene center core
Variety of O-rings available

No surfactants, binders or adhesives used in production
Manufactured with FDA-listed materials
Meets USP Class IV biological test for plastics
Several lengths and endcap configurations
Eight micron ratings
Micron rating stamped onto cartridge for easy identification
Safe, easy incineration and disposal

APPLICATIONS

Finish machining
Food and beverage
Oils
Parts washers
Pre-filter for RO systems

Seal protection
Solvents
Spray nozzle protection

Custom configurations available. Please contact customer service.

CARTRIDGE SPECIFICATIONS

Filter Media	Polypropylene
Max. Temp. Rating	160°F (71.1°C)
Max. Differential Pressure	30 PSIG (2.1 bar) dirty
Recommended Change Out	10-15 PSIG (0.7-1.0 bar)

CASE QUANTITY

10": 30 per case
 20-40": 15 per case
 All with endcaps: 15 per case

PRESSURE DROP VS FLOW RATE

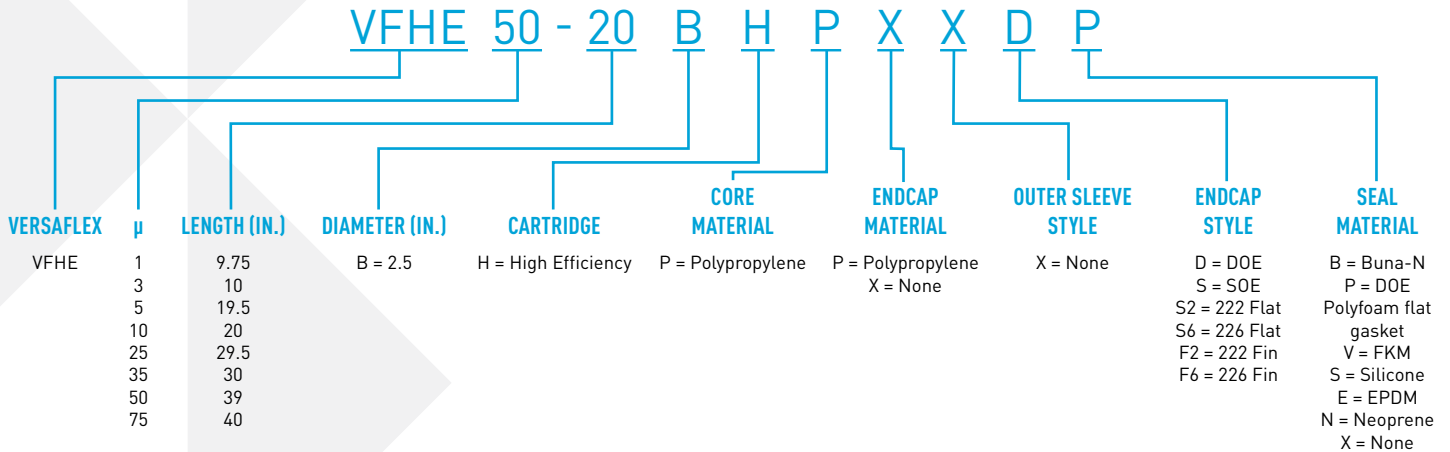

ORDERING INFORMATION

To create your ordering part number, use the part number configurator below.
 Custom configurations available. Please contact customer service.

EXAMPLE: VFHE50-20BHPXXDP

Versaflex Filter Cartridge (VFHE)
 50-absolute micron rating (50), 20" length (20), 2.5" diameter (B), High efficiency cartridge (H)
 Polypropylene core (P), No endcaps (X), No outer sleeve (X), Double-open-ended (D), DOE Polyfoam flat gasket (P)
